

2023 Wisconsin FFA Proficiency Award Declaration Form

Notification to Accept or Decline First Place Award

Every Application MUST Include This Form

Name: _____

Chapter: _____

_____ **YES** I will accept a first place ranking of my proficiency award application(s) to then be submitted for National Competition. **I have ranked my applications below in order of acceptance.** If I am applying in the area of Food Service or Organic Agriculture, those areas are only state level awards and I will still accept the first place rank.

_____ **NO** I will not accept a first place ranking of my proficiency award application(s). This means that if I do rank first, I agree to not be recognized as the state winner and not move on to national competition.

For students applying in multiple proficiency award areas and you would accept a first place ranking, you can only be a state winner in one area. List the proficiency award areas you have applied for in **RANK ORDER** based on which proficiency award you would select as the State Winner. **NOTE:** This information will not be shared with the judges. It will only be used after judging has occurred to determine final results. Once you are a state winner in a proficiency award area, you are required to submit your application to National FFA and you will not be able to apply in that area in future years.
